Hey

Hi,

I'm Alessandro, 22 years old from Italy. Currently I am Computer Engineering student enrolled in the Master of Science degree on Computer Networks & Cloud Computing at Politecnico di Torino. I am passionate about everything relating to technology, programming, sports, TV series and traveling.

Education

1. 2020 - now

   Master's Degree Polytechnic of Turin

   Computer Networks and Cloud Computing

- 2017-2020

Bachelor's Degree Computer Science department

Turin, Italy

110/110 cum laude

- 2012 - 2017

Computer science diploma

ITIS "A. Artom" Asti, Italy

98/100

Skills

During my studies I learned several programming languages such as Java, C, Javascript and a little bit of Haskell during my Bachelor's degree. I am currently studying C++, Assembler for ARM Cortex M3 and the React framework (also used for this page!).
As for the database languages, I studied SQL and MongoDB. Here you can download my CV.
